

OJAI MAESTRO

The Parent Booster group of the Nordhoff High School Music Department

We invite you to help provide financial assistance to our program and students by becoming an OJAI MAESTRO Patron. The Music Department at Nordhoff High School is seriously under funded this year. Our organization is working diligently to raise money in many ways to continue providing a quality music program for the gifted high school musicians. When you become an OJAI MAESTRO Patron, your donation will help to provide scholarships and instruments for needy students. Please take time to fill out the information sheet at the bottom of this page and mail it along with your check to OJAI MAESTRO.
